Members of CUPE 4207, Unit 3

The BUFA Executive supports the members of CUPE 4207, Unit 3, in their contract negotiations for a strong and favourable new contract with the Brock University Administration. We call on the Administration to recognize the importance of the work done by the members of this CUPE unit to the mission of Brock and accord them the respect and dignity that they deserve. We also expect the Administration to make decisions that are pedagogically sound in practice.

We support whatever legal job action CUPE takes that may be necessary to secure fair and equitable contract terms and conditions for their members.

The BUFA Executive supports OCUFA's campaign that all academic jobs should be good jobs with fair compensation, reasonable workloads, access to benefits, and job security.

In solidarity,

Michelle Webber, Ph.D.  
President, Brock University Faculty Association
