

Hello! My name is Tracy Kennedy, and I have been a 4207 member since 1999. I am running for a Delegate spot to the Niagara Region Labour Council and seeking your support. I would like the opportunity to represent our Local at the Niagara Labour Council meetings.

I have made some good connections and networks with the Labour Council by attending their community events and rallies, and would like to be more involved as a Delegate from 4207. As their monthly meetings are in person, I can commit to attending every meeting and sharing the information and events with our members.

Thanks for considering.
In Solidarity,
Tracy Kennedy, PhD
